PREFACE

The Publishers in presenting their Eighth edition of the TOWN OF LINDSAY directory, thank the citizens in general for the liberal support and co-operation given.

For the sixth time, postal codes have been included in the street directory (pink section). They are prominently located after each street intersection description and shown in italics.

This year once again the names are listed in order of telephone numbers. This Numerical Telephone Directory is printed on blue paper and we feel that it will greatly increase the usefulness of the directory to our subscribers. Telephone numbers are also listed by house address in the Street Directory.

Our estimate of the population of the Town of Lindsay and the outskirts, is 15,000.

VICTORIA COUNTY

POINTS OF INTEREST

Champlain's Portage—Highway 48 is Portage Rd. from Bolsover through Kirkfield. Champlain's party, including Etienne Brule, took this route while exploring in 1615.

Old Monck Road—was built as a military road after the war of 1812-14 to provide an overland route from the Ottawa River to Lake Simcoe and Old Yonge St. You may travel from Kinmount to Sebright on it. (Now Hwy. 503).

Lift Locks—at Kirkfield, where a boat may be safely lifted 48½ feet to continue on the Trent Waterway System.

Falls at Fenelon Falls—named after a Suplician missionary, first settled in 1841.

McDonnell Park, Lindsay—here a plaque commemorates the founding of Lindsay by William Purdy and his sons who built a saw and grist mill on the Scugog River in 1828. Also located in McDonnell Park, near the Royal Canadian Legion, a commemorative plaque, set in a stone, commemorating the naming of the town of Lindsay.

125 year old church—at Fenelon Falls over 125 years ago an Anglican Church was built.

Historical plaques at Fenelon Falls—dedicated to James Wallis who in 1834, with Robert Jameson, built a sawmill and later a grist mill where Fenelon Falls stands today. About the same time John Langton built Blythe House near Fenelon Falls.

Sturdy Sycamore Trees—In Lindsay are the only Sycamores growing this far north in all of North America.

Reforestation—of interest to the conservationist is County Reforestation taking place in Somerville, Laxton and Emily Townships.

Bobcaygeon—Monument commemorating the construction of the first Bobcaygeon Lock in 1839.

County of Victoria Museum in Lindsay, and a municipal museum at Fenelon Falls. A good collection of pioneer tools and furniture gathered in their vicinity.

Parks—There is an excellent Provincial Park at Omemee, and also between Kirkfield and Coboconk, a County of Victoria Park near Bolsover, another park in Mariposa and both park and pool in Verulam Township. Near Fenelon Falls on Cameron Lake is another pleasant Tourist park. Lindsay has approximately 18 parks to picnic and play in. There is also a public park at Coboconk.

Landing fields for light aircraft at Lindsay and Bobcaygeon—Lindsay airport with paved runway and night lights . . . can service up to DC 3 size.

VICTORIA COUNTY

In the part of Ontario known as the Kawartha Lakes, you will find the history and romance of nearly 350 years of Canada.

Samuel de Champlain first discovered its beauty in 1615, when the Courier de Bois portaged through its dense forests and paddled and fished its lakes and streams.

Victoria County is still richly endowed with nature's most precious gifts — a year round playground with picturesque lakes and woodlands, rolling hills, farm country and sunny beaches.

Victoria County is accessible from east or west by Highway No. 7 which can be reached from Highway No. 401 or Highway No. 12 at Whitby or Highway No. 35 which travels the length of the county from Newcastle on Lake Ontario in the south to Haliburton and Lake of Bays in the north.

THE PHONE

Most of us will spend two years of our lives on the telephone. They are not likely to be the best two years. Your phone rings. You pick it up, say *"hello,"* and a gruff voice barks, *"who's this?"*.

You place a call.

Someone on the other end of the line answers, *"one moment please"* — and you sit there — three minutes before anything else happens.

You try to call Jones.

His office asks, *"May I tell him who's calling?"* before they'll admit he's in.

Another irritant: *"What is this in reference to?"* You might break that logjam by saying it's about his wife's gambling debts.

Maybe the all-time crusher, is when you answer your phone to be told Mr. Smith is calling and will be right with you. Then you sit there, seething, for another three minutes before Smith comes on. The telephone is one of life's miracles.

With a little thoughtfulness, we could make it one of life's blessings. Worth trying, isn't it?

ALPHABETICAL DIRECTORY LINDSAY 1987

EXPLANATION

1. The Christian name appearing alone in brackets is the name of spouse.
2. In some cases the designation, widow, has been omitted by request.
3. Names in bold print are those of firms which subscribe to or advertise in this City Directory. Names in capital letters are those of proprietors, partners or executives of these firms.
4. Business firms which are individual proprietorships or partnerships are indicated by listing the names of the owner or partners in brackets: Plaza Groceries (John B. Scott, Wm. Noble). Conversely, a firm name in brackets after an individual's name indicates that he is an owner or partner in the firm.
5. The householder or head of the house (owner or tenant) is indicated by h preceding the street address. Other members of the family, roomers and boarders do not have this designation. To determine whether the householder is owner or tenant, refer to the pink section, where home ownership is indicated by an asterisk (*).
6. The information in this directory has been gathered from original sources and the Publishers have made every effort to ensure completeness and accuracy. They cannot guarantee the complete absence of errors and assume no responsibility therefor. You are requested to draw any inaccuracies to the attention of the Publishers so that corrections may be made in the next edition.

Lack of advertising... beneficial to some!

When Mark Twain was a young man, he was editor and publisher of a growing newspaper in a small Missouri town. One day he received a letter from one of his subscribers. The subscriber said that he had found a spider in that morning's edition of his paper. He wanted to know if this was an omen of good luck, or of bad luck. Mark Twain, a hustling space salesman as well as an editor, wrote to his customer:

Dear Sir:

Finding the spider in your newspaper yesterday morning was neither good luck or bad luck for you. The spider was merely looking over our paper to see which of the town's merchants is not advertising. He will then go to that store, spin his web across the door, and lead a life of undisturbed peace ever afterward.
